

NASEO Buildings Call

**Building Performance
Database**

**Renee Hutcheson, AIA, LEED AP
North Carolina Energy Office**

November 13, 2012

Building Performance Database

Goals

1. Document the cost of building HPB in North Carolina
2. Encourage building owners and designers to follow-up with post occupancy building performance
3. Showcase NC energy efficient commercial buildings

Building Performance Database

Taskforce Participants

1. Architects
2. Engineers
3. Building Owners

Will extend taskforce to include:

1. State Construction Office
2. Others as determined appropriate

Building Performance Database

Short-term Actions

1. Identify potential projects to showcase
2. Study cost normalization opportunities
3. Reconvene taskforce after some data has been collected
